App Permissions

User:
- **EMPLOYEES**
  - View a list of employees, and their information.
  - Edit your own information, change your password
  - See what group(s) you are part of
  - View your skill evaluations, and their relation to goals.
  - Add certificates to your profile
    - Select them from a list created by admin
- **COURSES**
  - View courses, and their basic info
    - Lesson info, duration, description, location
  - Join courses and mark them as completed.
  - View your membership info

Admin:
- **EMPLOYEES**
  - View a list of employees, edit their info, delete them, add new ones
  - View their skills, skill history, add skill evaluations
    - Edit, delete skill evaluations
  - See what courses user has completed or attended
  - Add certificates to all users
- **COURSES**
  - Add new courses, edit course information
  - Add members/attendees to courses/lessons
  - Grade users
- **ADMINISTRATOR MENU**
  - **Roles**
    - Add, delete roles (not useful, groups are better)
      - Can't delete "user" or "admin" roles because they are essential for the app to function.
  - **Groups**
    - Add, edit, delete groups
    - View group statistics
    - Add members, goals
      - Note that the goals must be set for each user group before users can evaluate their skills
  - **Skills**
    - Add, edit, delete skills
  - **Certificates**
    - Add, edit, delete certificates
